

Final Project Review Criteria

STUDENT _____
PROJECT _____
TITLE: _____

CLASS REQUIREMENTS: (or what I'll be looking for...)

1. Project Abstract - "5¢ worth (or around a paragraph or two)"?

What your project is about, where it is, what you intend to do, and what you're planning to produce

2. Project Narrative?

Did you discuss:

The project situation, key issues, and the things you believe will need doing?

... and use appropriate maps, images and diagrams at appropriate scales?

...your most important goals & objectives?

...your project strategy or process (how you'll go about it, your method)?

...your intended products? (what you'll give your "client") Did you at least make a good guess?

3. Project Program: Appropriately qualitative and with elements sufficiently quantitative to diagram to scale

4. Project Schedule (Did you make a useful attempt to schedule tasks in time & probable products)

5. Schematic Proposal? Did you do a schematic proposal at the critical scale of your project, one that represents your ideas well at this stage and that will serve as a good launch into your studio work?

6. Adequate Resources? (Do you have useful references, precedent studies, reports, the knowledge that you'll need to do the significant parts of your work?)

7. Assignments 1-6 Did you use the assignments to help you develop your work and participate in class?

YOUR WORK IS: **COMPLETE**_____ **INCOMPLETE**_____

AND YOU ARE ADMITTED TO the WINTER '09_____ **COMP STUDIO.**
