BOOK REVIEW...LAST CHILD IN THE WOODS
by Richard Louv

Please write a 5 page paper that clearly explains the major theses of the book and a well thought out response (double spaced, 1 inch margins). The paper should be word processed, carefully written, spell-checked and edited. Please express your own reaction to the book – personal response / opinions are necessary!

Your response should also address the following:

In the back of the latest edition of the book, Louv has listed “100 Actions We Can Take”. List your own 10 actions that YOU can take – either in your own community or with family or friends.

In the Discussion Points, Louv asks, "What are some ways that nature "amplifies" or changes the perception of time for children and adults?" Please respond to this question. Have you personally experienced this "time warp" yourself? How and where?

Can you make comparisons or references to other readings from the week? Readings from other classes?

DUE MONDAY JULY 26th @ the Landscape Architecture office (La 230)
