Math 251H: Homework 1 (due W January 17)

I. I remind you that the class on FRIDAY Jan 12 has been cancelled. What is more there is no class on MONDAY Jan 14 because of MLK day. You should use all that extra time to make sure that not only are you perfect at differentiation (ch.10 question 2 is good practice if you think you need it) but that you can do it instantaneously too.

II. Read chapter 11.

III. Do the following problems from the book.
    (easier ones).
    Ch.10: 6,7,15,20,21,22
    Ch.11: 1i,ii,iv,v, 3i,ii
    (slightly harder but quite good fun so please try it).
    Ch.11: 12.
