Petition

"I petition the Faculty of the University of Oregon that I be granted credit in Greek by letter drawing and Roman history in which I have not been credited. To different members of this Faculty I have showed my credentials in these subjects taken at Simpson and Des Moines colleges in Iowa. I state it for a fact that when I first entered this University I was allowed two credits in Roman history, but I have not been credited for the same. But they, like some other credits which you now admit that I have, were not or misapplied. These two credits are included in the twenty-seven credits which were for you will see at the top of my record.
Yard and they, just as certain other
credits which have been awarded me
are not specified below in the column
of my record card.

Again, I ask that, providing this
Faculty deems me worthy of credit
in these two subjects, for which I
have showed honest credentials, I be
permitted to make up the remaining
three credits necessary for gradu-
ation, and promise to do this extra
work in a manner satisfactory to
the instructor or instructors under
whom I may take it."
