WHEREAS, Mr. Nelson's professed regard for academic freedom is in direct conflict with his practice in attacking the manifestations of it in the University; and

WHEREAS, the newspapers in reporting the high lights of the addresses of Mr. Nelson and in printing the excerpts supplied by him have conveyed to the public no adequate conception of the number and nature of his insults, or of the disproportion existing between his few wise and disinterested comments and the total mass of his abuse, or of the tone and manner by means of which the indignities which he offered were aggravated, and have hence made necessary the statement of the evidence; and

WHEREAS, Mr. Nelson was so courteously received, attentively listened to, and graciously treated by his Eugene audience whom he denounced to their face that the newspapers were misled by the manifest politeness of the audience into reporting that 'applause of the assembled students, faculty, and townsmen proves that the punishment had been accepted;' and

WHEREAS, immediately following the defamation of his hosts at Eugene, Mr. Nelson proceeded to Corvallis and after there effectually complimenting his audience, saying among other things, 'And so it will not be necessary for you in the future to worry about my affection and interest in this institution,' he thereafter made the expression of his generous sentiment towards the College the basis for the expression of his hostility towards the University by adding, 'Unfortunately, perhaps, I have become during the brief period of my tenure so much incensed at times with the forces with which you must be familiar that I find myself steadily growing in resentment which will not be ended until somebody among the faculty and students of the University is big enough and brave enough to put an end to a system which apparently has for its aim and the destruction of an institution and the defeat of the aims of the Board and the people of this state. You understand I am not telling you half what I told in Eugene. The buildings there are still standing, or were when I left, but I speak from the shoulder;' and

WHEREAS, after boasting of having humiliated a sister institution, he contumeliously misrepresented and belittled his hospitable Eugene audience by telling the story, accompanied by grimaces, of a comedian who said that the most difficult audience to play before was one which stuck out its chin and clenched its jaws as though to say, 'I dare you to make me laugh;' and furthermore by turning to another member of the Board, who sat behind him on the platform both at Eugene and Corvallis, and saying, in substance, 'You may not have known it, but I stood in front of you at Eugene in order to protect you from the brickbats that might be thrown;' and

WHEREAS, he depicted the University in a shameful light by comparing it to 'Achilles sulking in his tent, above which flies a flag on which are emblazoned "negation and defeatism,"' and adding, 'Pooeyfulness and churlishness are not consonant with sportsmanship and magnanimity;' and

WHEREAS, the whole tendency of his address at Corvallis was to fix in the imagination of his audience degrading pictures of the University by describing its activities as 'burrowing faster than a man can build,' as 'tearing down the web faster than the Board and the Chancellor can weave it,' as 'spewing venom,' and by stating that 'it does not take intelligence to tear down; maggots can do that;' and

WHEREAS, in his Corvallis address he pitted student against student, fostered enmity, and broadened the breach between the students of the two institutions by saying, 'Guard against the intrusion into your being of attributes which are unworthy.... Look, for example, at the Emerald,' (the University newspaper); and
"WHEREAS, knowing the love of his College audience for their former president, he employed dramatic means to excite them to hatred against the University by waving alight the copy of an article, presumably from the Portland Spectator, and exclaiming, 'I don't want to arouse your indignation, or I would stop to read you here what I read to them this morning,' and by then proceeding to give them the contents which he described as 'the nastiest slings at the Chancellor,' and ending with the rhetorical and inflammatory question, 'Did that represent the spirit of their great University?' And

"WHEREAS, he further misrepresented the University and embittered the relations between the two institutions by holding up the University as a warning to the students of the College, saying 'I hope you young men and women will take a warning from this. Close your ears to these trouble makers who are constantly seeing the evil, carping and tearing down what the state has done .... embittered spirits .... I asked them (the Eugene audience) this question; and that was: 'whether these 10, 20, 30-cent melodramatic Catilines were right?' .... If the Board and the Chancellor were among them bent on a mission of destruction of the lifetime ideals of the University, they could not hurt the institution half as much as that cannot and rust within, that species of smallness of soul which that audience attested;' and

"WHEREAS, Mr. Nelson, speaking thus as Chairman of the Board, a position calling for fairness, has by his violent partisanship and intimidating language built up an all but impassable social barrier between the Chancellor and the University faculty, embarrassed beyond measure the efforts of the two faculties to establish cordial relations, and destroyed all confidence in his sense of justice and fair play; and

"WHEREAS, the statements which Mr. Nelson made were of a slanderous nature and injurious to the public welfare in casting unjust suspicion on honest men and women who are devoting themselves to public education;

"NOW BE IT RESOLVED: That we the faculty in meeting assembled this 6th day of November, 1933, do hereby publicly protest and draw the attention of the Board of Higher Education and of all citizens in the State of Oregon to the gross injustice done to individuals and to a state institution dedicated to the ends of public welfare by the tactless, discourteous, and unfounded aspersions cast upon the University of Oregon, its students, and the members of its faculty both collectively and individually; and

"BE IT FURTHER RESOLVED: That in view of his partisan commitments and his revival of unnecessary antagonisms, in the opinion of this faculty the best interests of the State of Oregon call for the resignation of Mr. Nelson from the Board;

"AND BE IT FURTHER RESOLVED: That copies of this resolution be transmitted by the Secretary of the Faculty to the Governor of the State and the members of the State Board of Higher Education."

There being no further business, the meeting adjourned.

Special Meeting of the Faculty

Saturday, November 25, 1933

The meeting was called to order by Dr. Gilbert. A quorum being present, the following business was transacted. The reading of the minutes of the meeting held November 6 was dispensed with.

Resolution. After requesting the faculty to refrain from discussing outside the room any matters taken up at the meeting, Dr. Boyer was recognized and moved that the following resolution be passed:

"Whereas, in its resolution of November 6, 1933, the faculty of the University of Oregon stated that the cause of unrest on this campus was the appointment to the chancellorship of a man in a controversial position; and

"whereas, the Board of Higher Education by its action of November 24th has continued the Chancellor in office, and provided for the appointment of a committee to investigate the action of one member of the faculty who in a public address said that the Chancellor should resign; and

"whereas, the Board in its resolution stated that there were regular channels for communicating complaints to the Board; and

"whereas, there is no regular method of procedure whereby the faculty can voice its complaints to the Board except through the Chancellor himself, which channel of communication is now closed since the Chancellor himself is the object of complaint,

"NOW BE IT RESOLVED that we, the faculty, in meeting assembled this 25th day of November, 1933, because we lack confidence in the educational leadership of the present incumbent in the Chancellor's office, petition the Board to conduct a comprehensive investigation of all phases of the situation, including the present administration, and

"BE IT FURTHER RESOLVED that copies of this resolution be transmitted at once to the Chancellor and to every member of the Board of Higher Education."

The motion was seconded by a member of the faculty, put to a vote, and passed.

There being no further business, the meeting adjourned.

REGULAR MEETING OF THE FACULTY

The meeting was called to order by Dean Bovard. A quorum being present, the following business was transacted. The minutes of the meeting held November 25 were read and approved.

ELECTION OF ADVISORY COUNCIL. Dr. Gilbert reported that the membership of the present Advisory Council consisted of Deans Boyer, Gilbert, and Morse, and Professors Sheldon, Barnett, and Townsend. He reported that Dean Boyer and Professor Townsend were hold-over members and advised the faculty that they should vote on two members who were deans and two members of the faculty who were not deans. The Chair appointed Professor Lomax, Dr. Leighton, and Mr. Constance as tellers. Ballots were distributed, and after the votes were counted, it was found that Deans Gilbert and Morse, and Professors Dan Clark and Barnett were elected to membership. The Council, therefore, consists of the following members for the coming year:

Dean Boyer  Professor Dan Clark
Dean Gilbert  Professor Barnett
Dean Morse  Professor Townsend

DR. BARNETT'S MOTION. The Secretary was asked to read the motion proposed to the faculty by Dr. Barnett through the Faculty Bulletin:

"That no credit in any course shall be given to a student who for any reason has been absent from class a number of times equal to the weekly number of class hours plus two."

It was moved by Dr. Barnett and seconded by a member of the faculty that the resolution be referred to a committee of three to be appointed by the Chair, which committee should report at the next regular meeting of the faculty. It was moved by Dr. Conklin and seconded by a member of the faculty that the motion be amended to refer the resolution to the Academic Council. This amendment was put to a vote and carried. The motion presented by Dr. Barnett and amended by Dr. Conklin was passed.

REPORT OF ACADEMIC COUNCIL. Professor Spencer reported that several matters referred to the Academic Council for recommendation to the faculty had been considered by the Council, but that the organization had not been able to complete the work necessary to make a recommendation. Professor Spencer reported, however, that the Council did wish to recommend the following motion:

"That the School of Education be authorized to require a preliminary conference with each prospective candidate for a teacher's certificate, said conference to be held as soon as possible after the specific vocational decision has been reached, and in every case, by the third term of the sophomore year. The conference shall be prerequisite to enrollment in certification courses in education."

The motion was seconded.

It was moved by Professor Barnett, seconded by a member of the faculty, and lost that the motion be referred to the Academic Council for reconsideration.

It was moved by Professor Townsend, seconded by a member of the faculty, and passed that the motion be amended to read as follows:

"That the School of Education be authorized to require a preliminary conference with each prospective candidate for a teacher's certificate, said conference to be held not later than the end of the second term of the sophomore year. The conference shall be prerequisite to enrollment in certification courses in education."

The motion as amended was then put to a vote and lost thirty to twenty-seven.
After brief suggestions from Dr. Bovard, Dr. Boyer, and other members of the Catalogue and Schedule Committee requesting the cooperation of the faculty in connection with the examination schedule, the meeting was adjourned.

Earl M. Pallett, Secretary.

Wednesday, January 10, 1934.

REGULAR MEETING OF THE FACULTY

The meeting was called to order by Dean Allen. A quorum being present, the following business was transacted. The minutes of the meeting held December 8 were read and approved.

MASTER OF EDUCATION

William Matthew Campbell

MASTER OF FINE ARTS

George F. Barron

It was moved, seconded, and passed that the students named be recommended to the State Board of Higher Education for the degrees indicated.

DR. BARNETT'S MOTION. The following motion, presented by Dr. Barnett to the faculty through the Faculty Bulletin, was referred by the faculty to the Academic Council for recommendation and report:

"That no credit in any course shall be given to a student who for any reason has been absent from class a number of times equal to the weekly number of class hours plus two."
Professor Spencer stated that this motion had been examined carefully by the Academic Council and that the Council moved that the motion do not pass. Dr. Barnett moved to refer the motion previously made by him to a special committee of the faculty for a report and recommendation to the faculty at a subsequent meeting. This motion was voted down. The motion of the Academic Council, presented by Professor Spencer, that Dr. Barnett's proposal be rejected was put to a vote and passed.

ACADEMIC RECORD OF FACULTY MEMBERS. Professor Spencer stated that the Academic Council recommended that the academic record of faculty members be printed in future catalogues of the University of Oregon. The motion was seconded, put to a vote, and passed.

LEGISLATION AFFECTING PRE-MEDICS. Dr. Gilbert reported that the Academic Council wished to recommend the following motion affecting major requirements for three-year pre-medics at the University of Oregon:

"Students who receive the bachelor's degree at the end of one year of residence work at the University of Oregon Medical School may count in fulfillment of the major requirement any hours earned in closely related departments within the Colleges of Arts and Letters and of Social Science, provided such courses have the approval of the Dean of the College and the head of the department in which the student's major was taken during the third year of pre-medical work."

The motion was seconded and passed.

REPORT OF ACADEMIC COUNCIL. The following report from the Academic Council regarding reports of faculty committees was read to the faculty by Professor Spencer, secretary of the Council:

"On November 1, 1933, the faculty passed a resolution calling for written reports from all faculty committees. Such reports were submitted and at the December meeting referred to the Academic Council for consideration and report.

"At the meeting of the Council held January 3, 1934, it was voted to refer these seventeen reports to a committee consisting of the President, Vice-President and Secretary of the Council, and Dr. Fish and Dean Allen. This committee considered these reports and reported back to the Council on January 6, 1934. After consideration of this report the Council makes the following recommendations and motions:

"1. That all seventeen reports be placed on file with the secretary of the faculty to be available for examination by faculty members.

"It is therefore moved that all seventeen committee reports be placed on file with the secretary of the faculty and be available for examination by faculty members." This motion was seconded and passed.

"2. The Council has no special recommendation to make respecting the following committees:

- Academic Council
- Academic Requirements Committee
- Athletic Committee
- Commencement Committee
- Graduate Council
- Honors Council
- Intramural Sports Committee
- Student Affairs Committee

"3. As to the Colloquium Committee, in the light of the chairman's statement that the functions of this committee 'in recent years have been more or less taken over by other agencies of the faculty' it is recommended that this committee be discontinued."
"In view of the fact that the original function of the Colloquium Committee is now served by other agencies of the faculty, it is moved that, in the interest of simplifying our committee organization, the Colloquium Committee be and it is hereby discontinued." This motion was seconded and passed.

"4. It is recommended that the reports of the following committees be read to the faculty:

Advisory Council
Appointment Bureau Committee
Free Intellectual Activities

"In view of the special significance attaching to certain committee reports it is moved that the reports of the Advisory Council, Appointment Bureau, and the Committee on Free Intellectual Activities be read before the faculty in regular session assembled." This motion was seconded and passed; after which Dr. Gilbert read the report of the Advisory Council, Dr. Bossing read the report of the Appointment Bureau Committee, and Dr. Townsend read the report of the Committee on Free Intellectual Activities. Dr. Townsend then presented the following motion which was seconded and passed:

"WHEREAS, the maintenance of a suitable program of lectures by visiting scholars is a necessary part of the broad cultural program which a University should foster for the sake of intellectual stimulus to its faculty and student body; and

"WHEREAS, there exists at the present time no adequate budget provision for the expense of such lectures,

"BE IT RESOLVED by the Faculty of the University that we strongly recommend to the budget making authorities of the State System of Higher Education that in the forthcoming budget a sum not less than $5,000 shall be assigned to pay the necessary expenses and honorariums for visiting scholars and lecturers from other seats of learning and from abroad."

"5. In regard to the Catalog and Schedule Committee, it is recommended that the faculty name a special committee of three to give more detailed consideration to the report of this committee and to devise, if possible, certain means of increasing the influence of the academic elements in matters affecting catalogs, schedules, calendars and directories.

"In view of the necessity for the proper representation of the academic as well as the administrative point of view in the preparation of catalog, schedules and directories, it is moved that a special committee of three be appointed to consider in detail the report of the Catalog and Schedule Committee and recommend to the faculty ways and means for increasing the influence of this important committee in shaping the publications referred to above." This motion was seconded and passed.

"6. After considering the report of the Committee on Religious and Spiritual Activities the Council recommends that the courses in religion should be undisturbed for the present academic year but that the continuance of these courses beyond 1935-36 should be contingent on the definite approval of the faculty.

"It is moved that the department of religion be requested to submit to the faculty for approval through the usual channels, the list of course offerings for credit proposed for the next academic year at the University of Oregon." This motion was seconded and passed.
"7. The report of the Scholarship Committee not only raised fundamental questions of faculty policy but implied at certain points the possibility of recommendations for revision of some features of the scholarship code under which the committee now operates. It is recommended that the Scholarship Committee go into the consideration of these matters and make recommendations to the faculty.

"It is moved that the report of the Scholarship Committee be referred back for further consideration and recommendation."

This motion was seconded and passed.

"8. In respect to the Student Advisory Committee, it is recommend- ed that the Deans of Men and Women and the chairman of the committees, so far as possible, enlist the cooperation of academic deans in handling the disciplinary cases affecting students in their respective schools and departments and, except under very unusual circumstances, the deans be informed regarding the disciplinary action affecting their major students.

"9. The report of the Library Committee suggested the possibility of further consideration of fundamental questions involved in the new type of centralised organisation. The committee therefore proposes the following motion:

"It is moved that the Library Committee be asked to study carefully the operation of library service at the University as affected by the establishment of centralized library control, and to report to the faculty on the relative merits of decentralised library service as compared with the present system, and the effect of the newly established system on the adequacy of the service at the University."

This motion was seconded and passed.

RECOMMENDATIONS REGARDING CATALOGUE CHANGES. Dr. Gilbert reported that the Academic Council had examined requests for catalogue changes transmitted from the minor faculties through the various deans, and that the Council was prepared to make a complete report to the faculty if that body so desired. It was moved by Professor DeCou, and seconded by a member of the faculty that the report of the Academic Council on catalogue changes be approved and recommended by the faculty.

Choral Reading Protested by Dean Morse. Dean Morse raised a question about a new course in Choral Reading proposed by the College of Arts and Letters, and moved that the course be rejected from the list approved by the faculty. The motion was seconded, put to a vote, and lost.

Oral English for Teachers Protested by Dean Morse. Dean Morse moved that the course in Oral English for Teachers be rejected from the list of new courses approved by the faculty. The motion was seconded but was not put to a vote. After considerable discussion Dean Morse made the following substitute motion:

"That a list of all new courses proposed to and approved by the Academic Council for the academic year 1954-55 be transmitted to the faculty for examination, and that a special meeting of the faculty be held Wednesday, January 17, to consider these proposals."

The motion was seconded and passed.

A motion for adjournment was then presented, seconded, and passed.

Earl M. Pallett, Secretary.
The meeting was called to order by President Boyer. A quorum being present, the following business was transacted. The minutes of the meeting held January 10 were read and approved with certain changes which have been made in ink on the original copy.

CONSIDER MOTION OF PROFESSOR DE COU. The Chair ruled that the motion presented by Professor Decou at the last meeting was the matter for consideration:

"It was moved by Professor DeCou and seconded by a member of the faculty that the report of the Advisory Council on catalogue changes be approved and recommended by the faculty."

The Chair ruled that all new courses were open for consideration and discussion. Dean Morse presented further evidence in explanation of his position in regard to the courses in Choral Reading and Oral English for Teachers. After some discussion Professor Townsend presented the following substitute motion which was seconded by a faculty member:

"That the changes in courses of study already approved by action of the Academic Council and reported to the faculty at its meeting on January 10, 1934 be approved by the faculty; provided that the Advisory Council be instructed to make a thorough examination of all courses offered for credit toward university degrees with a view to the discovery of principles upon which the faculty may thereafter act in the approval of curricular changes; and provided that the Advisory Council be instructed to report its findings with recommendations on the present offerings at some regular meeting of the faculty during the calendar year 1934."

After considerable discussion, Dean Morse moved as an amendment to Dr. Townsend's substitute motion:

"That the faculty approve no new courses for the coming year and that the Academic Council be instructed to make a thorough examination of all courses offered for credit toward University degrees with a view to the discovery of principles upon which the faculty may thereafter act in the approval of curricular changes; and provided the Academic Council be instructed to report its findings with recommendations on the present offerings at some regular meeting of the faculty during the calendar year 1934."

This amendment was seconded, but failed to pass.

Dr. Rebac moved the following amendment to the substitute motion presented by Professor Townsend:

"That the study of present offerings in the University be made by the Academic Council rather than the Advisory Council."

This motion was seconded, put to a vote, and carried. The original motion presented by Dr. Townsend, as a substitute for Professor DeCou's, and amended by Dr. Rebac was called for and passed thirty-five to twenty-two:

"That the changes in courses of study already approved by action of the Academic Council and reported to the faculty at its meeting on January 10, 1934, be approved by the faculty; provided that the Academic Council be instructed to make a thorough examination of all courses offered for credit toward university degrees with a view to the discovery of principles upon which the faculty may thereafter act in the approval of curricular changes; and provided that the Academic Council be instructed to report its findings with recommendations on the present offerings at some regular meeting of the faculty during the calendar year 1934."
Dean Morse then moved that the faculty approve the preparation of a minority report. This was seconded, put to a vote, and carried thirty-one to twenty-three.

PETITION FOR OPTIONAL MILITARY TRAINING. The following petition, presented to the Secretary of the Faculty by a group of students in the University of Oregon, was presented to the faculty and referred by them, upon motion of Professor Cressman, to a special committee of the faculty to be appointed by the President; said committee to report to the faculty at a subsequent meeting. President Boyer appointed the following men as members of this committee: L. S. Cressman, Chairman, O. F. Stafford, Waldo Schumacher, C. E. Spencer, Major R. H. Baek.

"TO THE FACULTY OF THE UNIVERSITY OF OREGON:

"We, the undersigned students of the University of Oregon, do hereby respectfully submit the following petition for your consideration.

"WHEREAS: the Oregon Code, Section 35, 4707, 1930 Edition, Volume 2, vests in the faculty of the University the power to prescribe the course of study to be pursued in the University,

"AND WHEREAS: the Federal law provides that military training be offered at all state universities but that it be made compulsory only at the discretion of those institutions,

"AND WHEREAS: we feel that optional status of military training would be more in harmony with the avowed principles of liberal education than the present compulsory status,

"BE IT RESOLVED that the following changes be made in the courses offered:

Military Science and Tactics
Lower Division Courses

"To substitute the word "optional" for the phrase "the minimum requirement" in description of lower division courses. The description as revised to read as follows: 'Military 111, 112, 113 are optional for freshmen, and military 211, 212, 213 are optional for sophomores.'

"And that, to make the above effective, item six (6) in requirements for Junior Certificates reading

(6) Military Science: 6 terms for men

be deleted from the above-mentioned requirements.

"And that the necessary changes be made in descriptive material and suggested curricula to conform to the above changes.

RESOLUTION IN SUPPORT OF THE PRESIDENT. The following resolution, which was presented by Professor Jameson in the absence of Dean Gilbert, was seconded and passed unanimously with a rising vote:

"WHEREAS, under the unified system of higher education in Oregon provision was made for presidents of the two major institutions; and

"WHEREAS, following the investigation by the official committee of the American Association of University Professors and as a consequence of a recommendation that executive heads be appointed at Eugene and Corvallis as a means to the establishment of confidence in the institutions and the administration of their affairs, the Board of Higher Education has designated our colleague, Dean C. V. Boyer, as Acting President at the University; and

"WHEREAS, the faculty of the University have full confidence in the sound scholarship, the integrity, courage, and impartiality of Doctor Boyer,

"BE IT RESOLVED that the faculty of the University pledge to our newly elected head full and unqualified cooperation and support in protecting and safeguarding the interests of the institution and in promoting its ideals and extending its services to the Commonwealth of Oregon."

There being no further business, the meeting adjourned.

REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present, the following business was transacted. The minutes of the meeting held January 17, 1934, were read and approved.

ADMISSION OF THE PRESS. It was moved by Professor Cressman, and seconded by a member of the faculty that the representatives of the press be admitted to the meeting. After some discussion the motion was put to a vote but failed to carry.

ELECTION OF MEMBER TO ADVISORY COUNCIL. Dr. Gilbert reported that the election of Dr. Boyer as Acting President of the University had created a vacancy on the Advisory Council. After the appointment of tellers, a vote was taken and, no one receiving a majority, it was found necessary to ballot again with Dean Bovard and Dean Rebec as candidates. On the second ballot Dean Bovard was elected to replace President Boyer on the Advisory Council for the present year remainder of the unexpired term.

REPORT OF ACADEMIC COUNCIL. Changes in Architecture and Education Courses. Professor Spencer reported that Percy F. Adams, Assistant Dean of the School of Fine Arts, had submitted to the Academic Council a change in catalog material as follows:

"Credit hours for L.A. 250, Lower Division Landscape Design, are to be changed from 5 hours each term, to 1 to 5 hours each term, to correspond with the credit hours in Lower Division Architectural Design."

Professor Spencer also reported that the following new courses in Education had been submitted to the Academic Council:
"Ed. 426,427. Methods of Teaching Art Appreciation. Two terms, 3 hours. A course for advanced professional students, only, emphasizing the social aims and functions of art and current psychological principles of appreciation. It includes a study of the types of appreciative experience, the use of classroom equipment, tests, and reference material. Emphasis is also placed upon the human relationship between teacher and student and the relation of training in appreciation to other educational experiences. Prerequisites: Experience as a departmental teacher, and senior standing in a space arts major or minor. Three meetings; winter and spring terms. Professor Zane.

"Ed 431,432. Methods of Teaching Appreciation of Literature. Two terms, 3 hours. A course for advanced professional students only which will acquaint teachers of literature with a clear and definite technique of literary appreciation with special emphasis on the appreciation of poetry during the first quarter and on the appreciation of prose in the second quarter. It is designed to provide methods and materials for practical use to the high school teacher. Prerequisites: A major or minor in English, and either graduate standing or educational certification requirements and experience as a departmental teacher. Three meetings; fall and winter terms. Professor Moll."
"R 461. Origins of Religions. First term, 3 hours.
A study of the beginnings of religion in the experiences of primitive peoples; the function which it served; its nature in the light of the outlook of the animists. The changed conditions which brought about the early organization and development of religions. Three recitations.

"R 462. The Great Religions of the Orient. Second term, 3 hours.
A study of the more highly organized religions of India, China, Japan and other countries of Eastern Asia, including the religions of Hinduism, Confucianism, and Buddhism; their origins, organizations, philosophy and sacred literature. Three recitations.

"R 463. The Great Religions of Palestine and Arabia. Third term, 3 hours.
This will include a study of the three related religions of Judaism, Christianity, and Islam arising in Palestine and Arabia; their similarities and differences together with the history and beliefs of each. Three recitations.

Signed: J. F. Boward
Rudolf Ernst
Orlando Hollis
George Rebac
O. F. Stafford
Nelson L. Bossing, Chairman"

Dr. Bossing moved the adoption of this report. Motion was seconded. In connection with Origins of Religion, 461, Dr. Cressman stated that while he would not vote against the offering of this course as proposed at this time, he wished it to be made a matter of record that he considered it essentially a course in Anthropology as given in other universities such as the University of California and Columbia University, and he wished to protest for the record the giving of that course in the Department of Religion because he hoped later to have the course offered where it properly belongs -- in a division of Anthropology. After further discussion the question was put to a vote and carried.

RESOLUTION ON MILITARY TRAINING. The President announced that the next order of business before the house was the matter of military training, concerning which there had been submitted a resolution signed by fifty-six student officers of the University Cadet Corps, asking that certain further investigations be made before action is taken on the question of required versus optional military training. This resolution was read and by vote of the faculty placed on file.

REPORT OF MILITARY TRAINING COMMITTEE. Dr. Cressman, chairman, was then called upon to report on behalf of the special committee on military training, and he read the majority report of that committee, which report has been placed on file. This report recommended as follows:

"1. That military training be retained on a required basis and that machinery be worked out for liberalizing the administration of it.

"2. That there shall be a standing committee of the faculty known as 'The Committee on Military Education'. It shall consist of seven members chosen as follows: five to be appointed from the faculty by its presiding officer, one from the student body appointed by the President of the A. S. U. O., and the Professor of Military Science and Tactics at the time. The chairman shall be designated by the presiding officer of the faculty from the number of his appointees.

"This committee shall report to the faculty from time to time, advise with the military department on matters relating to coordination with the University as a whole, and have power to grant exemptions from required military courses, taking into consideration the circumstances of each case, particularly physical incapacity, conflicting outside employment, unavoidable conflicts in class hours, and grounds of conscience."
Dr. Cressman moved the adoption of this report, which motion was seconded. He then called upon Professor Howard to read the minority report submitted by Dr. Schumacher who was forced to be absent. This report, a copy of which has been placed on file, recommended the adoption of the following resolution:

"BE IT RESOLVED that the faculty of the University of Oregon grant the petition of the students, thereby making military training optional and transmit this recommendation through the proper authorities to the State Board of Higher Education."

Mr. Howard moved that this minority report be substituted for the majority report. The motion was seconded.

The hour of 5:45 P.M. having arrived, the faculty voted to adjourn to meet again at four o'clock the following day.

Earl M. Fallett, Secretary.

Thursday, February 8, 1934.

ADJOURNED MEETING OF THE FACULTY

The meeting was called to order by President Boeyer who announced that a request had been received from the press to be admitted. Upon vote of the faculty this request was denied.

DEATH OF HAL E. HOS. Professor Thacher asked for the floor and submitted the following resolution:

"WHEREAS, in the death of Hal E. Hoss, secretary of the State of Oregon, the commonwealth has lost one of its most faithful and beloved servants; and

"WHEREAS, Mr. Hoss was formerly a member, ex-officio, of the Board of Regents of the University of Oregon; and always devoted to the best interests of the institution and to the cause of education in general; and

"WHEREAS, Mr. Hoss was greatly beloved personally by large numbers of the faculty and the student body, with whom he was associated in fellowship as a member of social and professional societies,

"THEREFORE BE IT RESOLVED, that this faculty hereby expresses its consciousness of deep loss and sorrowful regret; that it extends to the members of Mr. Hoss's family and immediate friends its sincere condolences; and that copies of this resolution be placed upon the minutes of the faculty and sent to the bereaved family."

This resolution was adopted unanimously by standing vote.

MILITARY TRAINING COMMITTEE REPORT. The President then announced that the faculty would proceed with the consideration of the majority and minority reports of the committee on military training, the motion before the house being Professor Howard's motion to substitute the minority report for the majority report. He stated that Professor Fish had written a request, asking that his vote be cast by proxy. The chair ruled that upon the basis of Robert's Rules of Order, pages 199, 200, the request could not be granted.
It was voted to limit debate to five minutes for each speaker except in the case of Major Back, representing the Department of Military Science and Tactics. After thorough discussion on both sides of the question Professor Howard's motion to substitute was put to vote by roll-call and was lost 31 to 36.

The chair then stated the question before the house, namely, Dr. Crassman's motion that the majority report be adopted, which motion was put to vote and carried.

There being no further business the meeting adjourned.

Carlton E. Spencer,
Secretary Pro Tempore.

Wednesday, March 7, 1954.

REGULAR MEETING OF THE FACULTY

The meeting was called to order by Dean Morse. A quorum being present the following business was transacted. The minutes of the meetings held February 7 and 8 were read and approved with certain changes which have been made in ink on the original copy.

REPORT OF ACADEMIC COUNCIL. Professor Spencer reported that in response to the request of the faculty, the Academic Council had appointed a sub-committee to investigate all courses offered in the University and report to the Council some time during the present calendar year, after which the Council would report to the faculty.

There being no further business the meeting adjourned.

Earl N. Pallett,
Secretary.
REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. The minutes of the meeting held March 7 were read and approved.

REPORT OF ACADEMIC COUNCIL. Professor Spencer, Secretary of the Academic Council, presented a recommendation of the Council that the following law courses be approved by the faculty:

Admiralty. Problems of jurisdiction and a study of other selected topics in maritime law; maritime liens and rights of maritime workers; affreightment contracts; charter parties; pilotage; towage, salvage; general average; collision and limitation of liability; character and course of admiralty proceedings. 3 hours credit.

Labor Law. Early English Statutory Regulations; legality of combinations; federal jurisdiction over labor disputes; legality of means and objects of labor organizations; corporate rights, powers and liabilities of labor unions; trade agreements; the injunction in labor disputes; regulatory labor legislation; compulsory arbitration; workmen's compensation. Two hours credit.

Probate Administration. Executors and administrators, their appointment, tenure, rights, duties and liabilities. Steps in the settlement of a decedent's estate: instituting administration, notice to creditors, inventory and appraisement, collection and care of assets, inheritance and estate taxes, payment of obligations, distribution. Guardianship: of minors, incompetents, insane persons; powers, duties and liabilities of guardians. Three hours credit.

The motion was seconded and passed.

REPORT OF THE LIBRARY COMMITTEE. In response to faculty action, Professor Yocom reported that the Library Committee had prepared a report. After the report was read it was moved by Professor Yocom, seconded by a member of the faculty, and passed that the report, including the following recommendation, be adopted:

"The specific recommendation of your committee is that President Boyer be requested to ask at the earliest opportune moment that in the interests of economy, efficiency and better adjustment to local needs the University Library be withdrawn from the system of centralized library control and be placed directly under the administrative jurisdiction of the University."

The report of the Library Committee is on file in the President's Office.

LISTING OF SURVEY COURSES IN CATALOG. It was moved by Professor Townseni, and seconded by a member of the faculty that the courses known as "survey courses" shall be listed once and only once in the University catalog. It was moved by Dean Allen to refer this matter to the Catalog and Schedule Committee for recommendation. After some discussion this motion was seconded, put to a vote and lost. The original motion was called for and passed.

After considerable discussion in connection with matters relating to the requirement of survey courses, and after the presentation of several motions dealing with the matter, Professor Howard moved that the faculty adjourn. The motion was seconded and passed.

SPECIAL MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. Reading of the minutes of the meeting held April 4 was dispensed with.

REINSTATMENT OF SCHOOL OF MUSIC. President Boyer stated that the purpose of the meeting was to determine the opinion of the faculty in regard to the reinstatement of the School of Music as a separate, independent unit. It was moved by Professor Adams and seconded by a member of the faculty:

"That the faculty state as its opinion to the State Board of Higher Education that the Department of Music, now a part of the School of Fine Arts, should be restored to its former status as a School of Music."

Dean Morse moved as a substitute motion:

"That the faculty of the University of Oregon instruct President Boyer to ask the State Board of Higher Education to postpone final action on the proposal to re-establish the School of Music until such time as the faculty committee can make thorough study of the entire matter and present an advisory report for the consideration of the Academic Council, the general faculty, and the State Board of Higher Education."

The substitute motion was seconded, put to vote, and lost. The original motion was called for and passed.

There being no further business, the meeting adjourned.

REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. The minutes of the meetings held April 4 and April 12 were read and approved.

MODIFICATION OF LEGISLATION OF ACADEMIC COUNCIL. Professor Spencer, Secretary of the Academic Council, reported that the Council had found it necessary to recommend that the legislation of the faculty be modified in view of the reinstatement of the School of Music. He moved:

"That the legislation of the faculty of December 7, 1932, establishing the Academic Council be amended so as to its listing of the minor faculties as follows: (1) 'Architecture and Allied Arts' be substituted for 'Fine Arts', (2) 'Music' inserted after the word 'Law'."

The motion was seconded and passed.
NEW COURSES FOR SUMMER SESSION. Professor Spencer read a list of new courses proposed for the summer session, stating that the courses had received the approval of the Academic Council and that the Council had the following recommendations to make:

"That these courses be approved for the present summer sessions without commitment regarding their being offered for other sessions, and that the Council recommend their approval to that extent to the faculty."

The recommendation of the Council was seconded and approved. The list of courses submitted by Professor Spencer is on file in the President's office.

Professor Spencer reported that Dean Rebec had informed the Academic Council that it had been impossible for the Graduate Council to pass upon the summer session courses on such short notice, and that the Academic Council had agreed by common consent that Dean Rebec should submit his recommendations directly to the faculty without intervening action by the Academic Council.

SUMMER SESSION COURSES APPROVED FOR GRADUATE CREDIT. Dean Rebec reported that the Graduate Council had examined not only the new courses proposed for graduate credit in the summer sessions, but in addition had examined all courses offered in the summer sessions for graduate credit and that the Council was prepared to make a recommendation. Dean Rebec then read a list of the courses proposed for graduate credit for the Eugene Summer Session, the Portland Summer Session, and the Post Session at Eugene, and moved that the list be approved.

Dean Allen reported that Journalism 461 S, Newspaper and Periodical Reading for Professional Men, which was to be offered during the Eugene Summer Session had been omitted. By common consent it was agreed that this course should be included in the list.

The motion presented by Dean Rebec was seconded and passed. A copy of the list of courses proposed by the Graduate Council and approved by the faculty for graduate credit for the 1954 summer sessions is on file in the President's office.

REPORT OF COMMITTEE ON CATALOGUE POLICY. Dean Allen, chairman of a committee appointed by the President to recommend ways and means of increasing the influence of the faculty in the preparation of the catalogue, schedules, etc., presented a report, a copy of which is on file in the President's office. At the conclusion of the report the following recommendation of the committee was adopted:

"Your committee therefore recommends that in place of the present catalogue and schedule committee, two separate faculty committees be established, one, a schedule committee to have jurisdiction over year calendars, hour schedules, examination schedules, room schedules, etc., and the other, a catalogue committee, to be small in number and to have jurisdiction over the University catalogue and other printed material supplementary to it."

ACADEMIC REGALIA. Professor Townsend presented the following motion:

"That at the official commencement ceremonies of the University of Oregon the faculty shall be represented by its deans and directors and other administrative officers and by at least one representative of each department and division of the University in full academic regalia."

The motion was seconded. The Chairman ruled that this matter would come under the order of new business and that consent of the faculty would be necessary in order to act upon the proposed motion. It was moved and seconded that the rules be suspended, but the motion failed to carry. Consequently no consideration could be given to Dr. Townsend's proposal.

There being no further business the meeting adjourned.

Upon motion duly made and seconded it was voted to recommend to the Board of Higher Education that degrees be conferred in accordance therewith.

RECOMMENDATION THAT LL.B. DEGREE BE GRANTED CARL E. DAVIDSON. Mr. Spencer, Secretary of the Academic Council, reported that that body recommended that the faculty recommend to the Board of Higher Education the granting of the LL.B. degree to Mr. Carl E. Davidson, a special student in law. The following report was received from a special committee of the Academic Council:

"June 7, 1934

REPORT OF THE COMMITTEE OF THE ACADEMIC COUNCIL
EXAMINATION OF CARL EDGAR DAVIDSON

"A committee of five members was appointed by the chairman of the Academic Council, in pursuance of the directions of that body, to determine the qualifications of Mr. CARL EDGAR DAVIDSON, a special law student, for the degree of Bachelor of Law. The membership of this committee consists of Messrs. Gilbert, Rebec, Conklin, S. Stephenson Smith and Beck. The committee met at 10:15 A.M. June 7, 1934, and proceeded with an oral examination of the candidate. Committee adopted for its standard of measurement the residuum of knowledge in the field of the pre-legal curriculum that experience indicates is retained by graduating law students. However, the examination was not kept within those limits. The certification of the law school faculty as to the candidate's qualification in that field was accepted.

"The committee finds that the candidate is in possession of that knowledge in the fields of the subject matter covered in the pre-legal curriculum at this institution which is usually possessed by graduating law students.

"The committee recommends that the degree of Bachelor of Law be granted Mr. Carl Edgar Davidson.

Roscius H. Beck, Chairman,
George Rebec
James H. Gilbert
E. S. Conklin
S. S. Smith"

In support of the recommendation Dean Morse stated that Mr. Davidson's grade point average for his law school work is the highest in his class, being 2.74. As student editor-in-chief of the Oregon Law Review he has performed exceptionally fine service during the past year. He is a mature man and has had a great many business experiences which, in the opinion of the law staff, more than compensate for the lack of two years of pre-legal academic college training before he entered the Law School. The staff was of the unanimous opinion that Mr. Davidson has obtained a cultural background equivalent to the training of the basic disciplines of the pre-legal requirement. Upon motion duly made and seconded it was voted to recommend to the Board of Higher Education the granting of this degree.

RECOMMENDATION THAT B.S. DEGREE BE GRANTED CARL E. WILLIAMS. Professor Warren D. Smith announced that he was about to submit a resolution recommending the granting of the degree of Baccalaur of Science to Mr. Carl E. Williams. Mr. Williams was entirely clear for graduation from the University in June, 1929, except for a deficiency in attendance at Military Summer Camp. During 1928-29 the regulations of the Military Department concerning Summer Camp were changed; Mr. Williams found himself unable to meet the revised requirements and left school without receiving his degree. Within the last few days this man has returned to the campus and conferred with Colonel Barker, present head of our
Military Department. He has been informed that the requirements are again changed and his deficiency for graduation has been waived by Colonel Barker. Mr. Williams now seems fully entitled to graduation from the University except that he majored in Geology, a department in which the University is not now permitted to grant degrees.

After stating the foregoing facts Professor Smith submitted the following resolution; which upon motion duly made and seconded, was adopted:

In view of the information presented to the Academic Requirements Committee by Mr. Carl E. Williams, approved by Colonel F. A. Barker for the R.O.T.C., and Professor Smith, Mr. Williams' major professor, the faculty in regular faculty meeting approves the request for the granting of the Bachelor's Degree in geology as of the date of 1929. The faculty respectfully petitions the Board of Higher Education to sanction the awarding of this degree at this late date in spite of the fact that the transfer of science has removed the major department in geology to the State College campus. It appears that Mr. Williams had completed his requirements for this degree before this transfer of science was even contemplated, and the delay in receiving the degree has been through no fault of his own. It was also voted to permit Mr. Williams to participate in the graduation exercises.

CHANGES IN LAW SCHOOL CURRICULUM AND ADDITION OF COURSE IN LEGAL ETHICS. Mr. Spencer reported that the Academic Council recommended authorization for the following changes in the Law School curriculum, and that the following new course be approved:

(1) That the Law School faculty in readjusting the Law School schedule be authorized to make the following course changes if in its opinion such changes will promote the best interests of the Law School curriculum:

- L 453 Trusts, changed from 5 hours to 4 hours
- L 419 Common Law Procedure changed from 3 hours to 4 hours
- L 440 Personal Property changed from 5 hours to 2 hours
- L 448 Corporations changed from 4 hours to 5 hours
- L 438, 439 Titles changed from 5 hours to 4 hours
- L 456 Wills changed from 3 hours to 4 hours
- L 446 Persons changed from 3 hours to 2 hours

(2) Legal Ethics. Organization of Bench and Bar; The Functions of the Legal Profession in the Administration of Justice; Illegitimate Legal practices; Problems Involving Ethical Relations of Attorneys to Judges, Juries, Witnesses, Leymen, and fellow attorneys; Canons of professional and Judicial Ethics.

Case Book: Hicks, Organization and Ethics of Bench and Bar.
Instructor, Morse.
1 hour.

Upon motion duly made and seconded these changes and this addition were approved. There being no further business the meeting adjourned.

Carlton E. Spencer, Acting Sec'y
SPECIAL MEETING OF THE FACULTY

OCTOBER FACULTY MEETING OMITTED. It was moved by Dean Gilbert, seconded by a member of the faculty, and passed that the regular October meeting of the faculty be omitted and that the next meeting be held the first Wednesday in November, unless a special meeting is needed.

There being no further business the meeting adjourned.

EARL M. PALLETT, Secretary
REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. The minutes of the meeting held September 26 were read. Dr. Townsend suggested that the October meeting of the faculty was omitted rather than postponed, and that the minutes should be corrected accordingly. With this correction the minutes were approved.

INTRODUCTION OF NEW FACULTY MEMBERS. Dr. Gilbert, of the College of Social Science, introduced Dr. Calvin G. Hall, Assistant Professor of Psychology. President Boyer introduced Mr. George N. Belknap, University Editor.

CLOSE UNIVERSITY ARMISTICE DAY. It was moved by Professor DeCou, and seconded by a member of the faculty that the institution be closed Monday, November 12, 1934, in order that the faculty and student body might cooperate with the City of Eugene in the Armistice Day exercises and the Skinner Butte dedication. Dr. Barnett moved as a substitute motion that the band be allowed to participate in the exercises. This motion was seconded and passed. A vote was then taken on Professor DeCou's motion, and it was carried by a vote of 45 to 18.

RECOMMENDATIONS FOR DEGREES. The Registrar reported that the following student had fulfilled all academic and scholastic requirements for the degree indicated:

BACHELOR OF SCIENCE
Ray M. Izbler

It was moved, seconded, and passed that the student named be recommended to the State Board of Higher Education for the degree indicated. It was understood that the student's name would be placed on the list of students who graduate in January and presented to the Board at that time.

REPORT OF ACADEMIC COUNCIL—OVERLAPPING FUNCTIONS BETWEEN GRADUATE COUNCIL, ACADEMIC REQUIREMENTS COMMITTEE, AND THE SCHOLARSHIP COMMITTEE. Professor Spencer, Secretary of the Academic Council, reported that a request had been filed with the Academic Council for a ruling on the question of overlapping functions between the Graduate Council, the Academic Requirements Committee, and the Scholarship Committee. Professor Spencer moved that the following recommendation be adopted:

"In matters of general procedure the Academic Requirements Committee and the Scholarship Committee shall be concerned with the problems of the undergraduate students. Students holding a bachelor's degree and enrolled in the Graduate School shall be under the jurisdiction of the Graduate Council. Students holding a bachelor's degree and enrolled in a professional school only shall be under the jurisdiction of the faculty of the school in which they are enrolled."

The motion was seconded and passed.

CONSCIENTIOUS OBJECTION TO MILITARY TRAINING. Professor Waldo Schumacher moved:

"That the faculty instruct the Committee on Military Education to grant exemption to students who signed, or whose parents or guardians signed, a statement indicating religious opposition to military training."

The motion was seconded. Dean Allen moved that the matter be referred to the Committee on Military Education. This motion was seconded, but failed to carry by a vote of 81 to 24.

Professor Spencer suggested that perhaps the motion really called for a change in policy and, if it did, the customary thirty day notice of motion should be made to the faculty. Dean Morse expressed the opinion that the motion either
