involved a change in policy or amounted in effect to a request that certain
instructions be given to a faculty committee, and hence, because of doubts in the
matter, raised the point of order, calling upon the chair to rule in regard to
whether or not the motion did constitute a change in policy. The Chairman
ruled that the motion did involve a change in policy, and a request for an appeal
from the ruling was made by Dr. Gano. The Chairman was sustained by a vote of
35 to 22. Dr. Schumacher then gave notice that he would introduce the motion
at the next meeting of the faculty.

"2. That the Registrar's office schedule meetings in the room with
   instructions to give the official meetings of the faculty and its
   subsidiaries right of way at all times, and

"3. That the President appoint a small committee of the faculty with
   power to schedule other meetings in the room whenever in its opinion such
   meetings are likely to promote the intellectual or scholastic aims of
   the University and do not conflict with official faculty schedules."

PERMANENT COMMITTEE ON USE OF FACULTY ROOM. President Boyer announced the
appointment of the following individuals to constitute a permanent committee
of the faculty with power to schedule other meetings in the faculty room:

STUDENT PETITION ON OPTIONAL MILITARY TRAINING. The Secretary reported the filing of a petition for optional military training signed by 477 students—294 men and 183 women—asking that the faculty of the University of Oregon recommend to the Oregon State Board of Higher Education that the lower division courses in the Department of Military Science and Tactics be no longer required of all freshman and sophomore men, but be made elective. The petition is on file in the President's office. It was moved by Professor Howard, seconded by a member of the faculty and passed that the petition be voted on without debate at the next meeting of the faculty.

- Hist 577, 578, 579. Seminar in Oregon History. Three terms, 2 hours each term. (Formerly: Hist 577, 578. Seminar in Oregon History. Second and Third terms, 3 hours each term.)

New Course
- Geo 501. Research. Terms and hours to be arranged. (Work formerly done under Geo 401. This course cannot now be taken for graduate credit.)

LAW SCHOOL FACULTY DESIGNATED AS DISCIPLINE COMMITTEE. Professor Spencer, Secretary of the Academic Council, reported that the Academic Council had approved the recommendation of the Law School faculty and the University Student Advisory Committee that the University faculty designate the Law School faculty as a University faculty discipline committee with powers of final committee jurisdiction over all Law School student disciplinary cases appealed from the Law Student Body under the Law School honor system. The motion was seconded and passed.

RECOMMENDATIONS ON SUMMER SCHOOL PROBLEMS. Professor Spencer, Secretary of the Academic Council, had the following recommendations on summer school problems to present to the faculty for consideration:

1. The restoration of the faculty committee on summer sessions.

2. That the director of summer sessions be responsible to the president of the institution in which any summer session is given.

3. That summer session courses and instructors be responsible to the particular institution in the same way as regular courses and instructors.
4. That the summer session, so far as it offers courses looking to regular academic credit and regular academic degrees, be explicitly given the status of an organic part of the University program.

5. That the faculty recommend to the University administration and the director of the summer sessions, in cooperation with the reconstituted faculty committee on summer sessions, to explore the feasibility of some definite steps looking toward the establishing of a regular fourth quarter.

6. That so long as the University maintains a post session, the latter be envisaged as an organic continuation of the six-weeks session going before, and not a separate set-up of independent four-weeks courses; this action, however, shall not preclude a student's entrance for post session only, or his earning the full quota of post-session credits, provided he concentrates on two courses; nor shall the limitation of elections to two courses apply to the professional courses offered in post session by the Law School.

7. That the summer session director and University administration consider the possibility of determining the pay of post session instructors on some such basis as student credit-hours, in place of the present prevailing basis of student class-hours.

8. That the summer authorities re-emphasize the original conception of post session as peculiarly constituting an opportunity for students of the more independent sort, notably advanced and graduate students.

9. That studies be initiated looking to an effective tie-in of the summer program of courses with the regular program of the University.

10. That a renewed effort be made to work out three-year sequences for summer courses.

11. That the aspect of summer session as adult education be explicitly recognized, and that all parties concerned accept the implications of the situation, such as the special functions and prerogatives of the summer director in relation thereto, or the desirability or feasibility of discriminating in standards and credits between courses of the adult-education type and those of normal University grade.

12. That the director of summer sessions, with the faculty committee on summer sessions, make a study of the feasibility of recognizing a difference in function between the Eugene and the Portland summer sessions, the former to endeavor to serve regular students, the latter to cultivate rather the adult education constituency.

13. That students coming to campus post session from the six-weeks session in Portland be under the same rules in election of courses that are enforced on Eugene students, it being understood that these rules do not apply to students registering in the post session professional courses of the Law School.

14. That the director of summer sessions be invited to present to the Academic Council and the University Faculty the results of his study concerning what proportion of Portland students, at one time or another, enter upon campus residence, and what proportion of these come to
   (1) the six weeks campus session
   (2) the campus post session only
   (3) the entire summer quarter.

15. That the summer session director and the faculty committee on summer sessions be requested to canvass the possibility of correcting the present narrow range of summer offerings.
After some discussion in regard to the meaning of item No. 6, it was moved by Dr. Barnett and seconded by a member of the faculty that the recommendations be referred back to the Summer Session Committee of the Academic Council and reported to the faculty at a later date. Dean Morse moved as a substitute motion that the faculty adopt the report with the exception of Item 6, which he proposed should be referred to the Summer Session Committee of the Council for clarification. The substitute motion was seconded and passed. The original motion as amended was put to a vote and carried.

REPORT OF HOSPITALIZATION COMMITTEE. Dr. Ganoe, Chairman of the A.A.U.P. committee making a study of hospitalization for University employees, gave a brief oral report of the work of that body.

After some discussion the following motion was presented by Dr. Townsend:

"In view of the fact that it has been reported that dogs on the campus constitute a nuisance, it is requested that the superintendent of buildings and grounds be asked to see what can be done to abate that nuisance."

The motion was seconded and passed.

the faculty held Wednesday, March 6, approval was given to certain recommenda-
tions of the Academic Council on summer school problems with the exception
of Item 6 which was referred back to the Summer Session Committee of the
Academic Council for report and recommendation to the faculty. Dr. Bebec,
chairman of the committee, presented the following revision of Item 6 which
met with the approval of the faculty:

"Recommendation 6. That as far as possible the post session be regarded
as an organic continuation of the six-weeks session preceding, and not
as a separate set-up of independent four-weeks' courses. Schools or
departments offering work in post session may give either two or three
hours' credit in such courses as they so designate in the catalogue.
Students attending post session only may not take more than one courses;
but this limitation shall not apply to the professional courses offered
in post session by the Law School. In exceptional cases, students may
earn credits in post session in courses not organic continuations of
courses they have taken in the six-weeks session or in the preceding
regular year, provided that in such cases graduate students may not
take more than two courses."

PEACE DAY DEMONSTRATION. Dean Onthank, chairman of a special committee
appointed by the President to consider the request of students for dismissal
of classes for an hour on April 12 for a Peace Day demonstration, presented
the following resolution which met with the approval of the faculty:

"WHEREAS, this faculty, in common with mankind in general, favors the
settlement of disputes, international as well as local and personal,
by peaceful methods

"WHEREAS, a representative and significant body of students of this
University has requested that an hour be set aside in the University
program for a demonstration favoring the method of peace over that of
war

"WHEREAS, the inappropriateness for this campus of the 'national student
strike against war', called for this time, is recognized by these
students, who are accordingly proposing this demonstration for peace as
a more fitting performance for a university, and have voluntarily sub-
mitted their plans for the demonstration to a committee appointed by the
President of the University

"THEREFORE BE IT RESOLVED that classes be dismissed for the 11 o'clock
period Friday, April 12, for a student demonstration favoring peace."

OPTIONAL MILITARY TRAINING. Dr. Gance moved that the faculty of the Univer-
sity of Oregon recommend to the Oregon State Board of Higher Education that
the lower division courses in the Department of Military Science and Tactics
be no longer required of all freshman and sophomore men but be made elective.
The motion was seconded. Dr. Gilbert moved that all debate be eliminated
and that the vote be taken by secret ballot. The motion was seconded and
passed. Ballots were presented to the voting members of the faculty by Mr.
Constance, Mr. Lindstrom, and Mr. Angell, tellers. When the vote was re-
ported to be a tie the Chairman cast the deciding vote and the motion lost
43 to 42.

BETTER ARTICULATION BETWEEN UNIVERSITY AND UNIVERSITY HIGH SCHOOL. Professor
Dunn presented the following memorial, which was approved by the faculty,
requesting that the same be referred to the Academic Council:

"Inasmuch as the Professional Curricula as outlined in our present
catalog by the School of Education require 5 and 2 term hours for super-
vised teaching during two consecutive terms of the senior year, thereby
introducing serious conflicts with the general University term system,
it is herewith requested of the School of Education that this require-
ment be reduced from 5 and 2 term hours to 5 hours in any one term, to
be construed as laboratory hours and as earning accordingly 3 term hours."
HONORARY DEGREES — NOTICE OF MOTION. Dean Rebec indicated that the Graduate Council desired to give official notice to the faculty that at the May meeting it would present for approval a recommendation that the University of Oregon at its Commencement in June, 1936, award honorary degrees to certain individuals.

A copy of the report is on file in the President’s office. Dean Morse suggested that possibly the report of the committee constituted new business and that the matter should not be officially acted on by the faculty until the next meeting. He called upon the Chair for a ruling on this point. After some discussion Professor Spencer moved that the faculty
resolve itself into a committee of the whole to consider the report of the Committee on Lower Division Courses. The motion was seconded and passed. President Boyer, Chairman, yielded the chair to Dr. Barnett who presided during the committee session.

a. All the survey and background courses in the lower division curriculum should be student centered. They should deal functionally and directly with significant problems to which the various fields in the given division make contributions. They should not be regarded as introductions to academic fields, but should seek to develop awareness of human problems and interest and ability in their solution. (changed)

b. Each survey or background course should be placed in charge of one person who is enthusiastically committed to the general purposes of instruction here recommended. (changed)

c. As opportunity offers, other courses planned from the functional viewpoint should be added to the curriculum. (changed)"

The motion was seconded. After some discussion Dr. Townsend moved as an amendment that Section 10 of the original report of the committee on Lower Division Organization be eliminated. REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. It was moved by Dr. Fish, seconded by a member of the faculty, and passed that Fred Colvig, assistant to Mr. Godfrey, be permitted to attend the faculty meeting in Mr. Godfrey's absence. The minutes of the meeting held Wednesday, October 23, were read and approved. President Boyer announced that a special meeting of the faculty would be called January 8, 1936, to consider curricular changes recommended by the Academic Council.

ADDITION TO ACADEMIC COUNCIL. Professor Spencer, secretary of the Academic Council, reported that the Council desired to recommend to the faculty the following motion: "That the Dean of Personnel Administration be given membership on the Academic Council." The motion was seconded. Dr. Cressman moved, as a substitute motion, "That the faculty instruct the Academic Council to invite the Dean of Personnel Administration to sit as a non-voting member in their deliberations." The substitute motion was seconded, but, after some discussion, was put to a vote and lost 40 to 25. Professor Spencer then submitted as an amendment to the original motion the following statement: "And, that in addition to the duties assigned to it by the faculty legislation of December 7, 1932, the Council be charged with the consideration of all other problems falling within the scope of faculty power."

Professor Howard stated that the motion submitted by the Council, that the Dean of Personnel Administration be given a seat on the Council, was out of order because the Council had not been given authority by the faculty to consider such matters. Dean Morse asked the President to rule on the question as to whether the Council motion was in order. The President ruled that it was. Professor Spencer, with the consent of his second, withdrew his amendment. After discussion of the original motion, it was put to vote and lost 59 to 51.
Professor DeGou gave notice that a motion pertaining to the question involved in the amendment proposed and withdrawn by Mr. Spencer would be made at the next meeting.

INAUGURATION CEREMONIES. Dr. Fish moved the adoption of the following motion:

"That if, and when, the Committee of the Academic Council shall have finished its preliminary inquiries and cleared the way for a public inauguration of the President of the University the President be empowered to appoint a committee of the faculty to have charge of the inaugural ceremonies."

The motion was seconded. At this point in the proceedings President Boyer asked Dr. Gilbert to act as chairman and retired from the meeting while this matter was under consideration. It was moved by Major Buck that the motion be amended so that the committee appointed by the Academic Council would have charge of all arrangements with power to associate with themselves any member of the faculty necessary to carry out the arrangements for the inaugural ceremonies. The amendment was seconded and passed. The original motion was then put to a vote and carried unanimously.

There being no further business the meeting adjourned.

Earl M. Pallett, Secretary

Wednesday, December 4, 1935

REGULAR MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. The minutes of the meeting held Wednesday, November 6, were read and approved.

ELECTION OF ADVISORY COUNCIL. President Boyer requested Dean Gilbert to make some announcements regarding the election of members to the Advisory Council, and appointed Mr. Constance and Mr. Lindstrom to act as tellers. Dean Gilbert announced that the present members of the Council had drawn lots, and that Dean Morse and Professor Townsend were hold-over members, and that it would be necessary to elect two deans and two general faculty members who were not deans. On the first ballot Dean Gilbert and Dr. Barnett were elected. On the second ballot Dean Bovard and Dr. Dan Clark were elected. The members of the Advisory Council for the year 1936 are as follows:

Dean Morse  Professor Townsend  Professor Dan E. Clark  Professor Barnett

NOTICE OF MOTION. Professor S. S. Smith gave notice that the Assembly Committee would present the following motion at the next regular meeting of the faculty:

"That the Assembly Committee be instructed, after consultation with the Schedule Committee, to reserve one fixed hour each week for assemblies and thereafter, if it is found necessary to place the assembly at any hour other than the one established, all classes displaced by it shall meet at the assembly hour for that week."
ACADEMIC COUNCIL. The following motion was presented by Professor DeCou, seconded by a member of the faculty, and passed:

"It is the sense of the faculty that the deliberative and advisory functions of the Academic Council shall be understood to apply to all powers exercised by the faculty."

SPECIAL MILITARY COMMITTEE. It was moved by Colonel Murphy, seconded by a member of the faculty, and passed that Professors J. D. Barnett, C. G. Howard, and V. P. Morris be appointed a committee to inquire into the subject matter of the various courses taught by the Military Department and to report to this body its findings.

There being no further business the meeting adjourned.

Earl M. Pallett, Secretary.

Wednesday, January 8, 1936

SPECIAL MEETING OF THE FACULTY

The meeting was called to order by President Boyer. A quorum being present the following business was transacted. The minutes of the meeting held Wednesday, December 4, were read and approved.

COLLEGE OF LIBERAL ARTS. Professor Spencer, secretary of the Academic Council, moved that the following resolution recommended by the Council be adopted:

"WHEREAS, in the re-organization of higher education in Oregon in 1932, the field of study represented by the liberal arts college at the University of Oregon was divided into three administrative divisions; and

"WHEREAS, the present triple administrative organization tends to erect artificial barriers between departments and subjects of study which in their nature belong together; and

"WHEREAS, the creation of a liberal arts college would increase the effectiveness of our institution of learning and make possible a better co-ordination of the work now offered in arts and letters, social science and natural science; and

"WHEREAS, the University of Oregon finds itself alone among 44 state universities in having no college of liberal arts corresponding to that group of studies traditionally known as liberal arts;

"BE IT RESOLVED by the Faculty of the University of Oregon that we recommend to the Oregon State Board of Higher Education through the President of the University and the Chancellor of the State System of Higher Education that a college of liberal arts be created at the University with authority to offer such courses of study and to grant such degrees as are usually and appropriately offered and granted by American colleges and universities."

The motion was seconded. Dean Bovard moved that the matter be referred back to the Academic Council for further study. The motion was seconded and passed.
COURSE CHANGES FOR 1936-37. Professor Spencer, secretary of the Academic Council, reported that the Academic Council had approved the report of the Committee on Courses with the exception of the change of History of Modern Europe from an upper division to a lower division number. He moved the adoption of the report as submitted to the faculty January 7. The motion received a second. After Dean Hoyt expressed a desire to eliminate that portion of the report dealing with the courses in Business Administration, Dean Morse moved that these courses be stricken from the list. The motion was seconded and passed. Professor S. S. Smith moved that the following decision of the Committee on Courses be adopted:

"The course in Modern Europe to remain as it is in the catalogue.

"World History (Modern Phase) Hist 204-5-6 to be changed to History of Modern Times, Hist 104-5-6. While nominally a new course, this is really a mere regularizing of the second section in World History."

The motion was seconded and passed. The original motion as amended was put to a vote and carried.

HOUR FOR ASSEMBLY. It was moved by Dean Ontshank, seconded by a member of the faculty, and passed that the following motion recommended at the last meeting of the faculty by the Assembly Committee be adopted:

"That the Assembly Committee be instructed, after consultation with the Schedule Committee, to reserve one fixed hour each week for assemblies and thereafter, if it is found necessary to place the assembly at any hour other than the one established, all classes displaced by it shall meet at the assembly hour for that week."

Dean Morse stated that, in passing the motion, it should be understood that it would not be made applicable to the Law School because it would interfere seriously with the Law School schedule.

HONORARY DEGREE. It was moved by Dean Reboc, seconded by a member of the faculty, and passed that the faculty of the University of Oregon recommend to the State Board of Higher Education that the honorary degree of Doctor of Letters be awarded to Jiro Harada, visiting professor in Oriental Art and Culture, at the Commencement exercises, June, 1936.

NOTICE OF MOTION. Dean Reboc gave notice that another candidate for the honorary degree of Doctor of Letters would be presented to the faculty for consideration at the next regular meeting.

NOTICE OF MOTION. Dr. Mittelman gave notice that he would present the following motion at the next regular meeting of the faculty:

"That, hereafter, whenever a candidate for an honorary degree is recommended to the faculty, the faculty shall appoint a committee of five made up of persons working in the field in which the candidate is said to have distinguished himself, or fields most nearly related to it, and vote upon the recommendation only after the committee has rendered its report."

There being no further business, the meeting adjourned.

Professor Wright, on behalf of Professor Gance who was absent, gave notice of a motion to be made at the next meeting to the effect that military training should be made optional.
TRAFFIC REGULATION ON 13TH AVENUE — RESOLUTION. Dean Gilbert submitted the following resolution, which was duly seconded, put to vote, and carried:

"WHEREAS, the students, instructors, and employees of the University of Oregon at various times during the day cross Thirteenth Avenue in large numbers; and

"WHEREAS, the present heavy automobile traffic, traveling at high rates of speed on Thirteenth Avenue, endangers the life and limb of students and employees alike; and

"WHEREAS, the completion of the new library will increase the flow of pedestrian traffic across Thirteenth Avenue; and

"WHEREAS, the enlarged building program of the University has greatly increased the number of trucks and automobiles using streets tributary to Thirteenth; and

"WHEREAS, the construction of the infirmary on Thirteenth Avenue and the separation of the new gymnasium from the old one housing the swimming tank, will still further increase the pedestrian traffic across Thirteenth Avenue as far east as Onyx; and

"WHEREAS, minor accidents have already occurred on this street with resulting loss of health and property, and the publicity obtained by these accidents has been unfavorable to the City of Eugene and the University of Oregon;

"BE IT RESOLVED by the Faculty of the University of Oregon that we petition the City Council of Eugene to impose by ordinance the following restrictions on traffic in the University district as indicated below:

1. That Thirteenth Avenue shall be designated as a through street from Alder to Onyx, and that appropriate stop signs be placed on Kincaid and University where these streets intersect Thirteenth.

2. That Eleventh Avenue shall be designated a through street from Alder to the Pacific Highway with stop signs on Alder and Kincaid where these streets intersect Eleventh.

3. That a speed limit of twenty miles per hour be set and enforced on Thirteenth Avenue from Alder to Onyx Street, and that the same speed limit be established for Eleventh Avenue from Alder eastwardly to the Pacific Highway."

Professor Cressman suggested that heavy freight trucks should be routed away from Thirteenth Avenue. This suggestion met with general approval, although no action was taken in regard thereto.

There being no further business the meeting adjourned at five P.M.
