

INSTRUCTIONS FOR USING THE DUMPSTER/RECYCLING ENTRY FORMS

1. Enter quadrant number on data entry form
2. Place a point as close as possible to location of the dumpster and **number the point** (we are interested in all dumpsters, so you will need to walk down the alleys)
3. **Write the corresponding number** on the data entry form and fill out the required information for that particular dumpster

DUMPSTERS/RECYCLING

ID #: write the number corresponding to the point on the paper map
