This is half of a piece worth reading as a whole (Google it when you're done). Published Christmas Eve, 1915, it appeared "cheek by jowl" with news from the trenches. It features **two words of dialect** that may not be in your dictionary. If the rest

of the puzzle and source information appears to be correct, you've got it.

HAPPY HOLIDAYS!

A. Nonstick surface
 66 184 3 91 167 174

B. “O, Come let us adore ____”
 95 179 159
